# ANTIQUE RECLAIMED OAK HIT-SKIP

The strength, durability, and availability of the massive Oak trees that populated the early American forests made it the go-to timber for barn and granary construction. The mighty Oak is as much a part of Americana as the barn itself.

Meticulously curated from the reclaimed joists, rafters, granary boards, siding, and floor-boards of old barns and other historic wooden structures, reclaimed Antique Oak Hit-Skip flooring presents a reclaimed Oak experience that preserves much of the original rustic surface textures while simultaneously revealing the beauty of the raw timber underneath.

**DISTINCTIVE ATTRIBUTES**

A combination of White and Red Oak, Antique Oak Hit-Skip flooring is characterized by a mixture of original distressed surfaces and revealed smooth surfaces, original nail holes, sound cracks, checking, wormholes and naturally occurring over/under wood which creates the dynamic authentic old world appearance of this product. It presents a variety of rustic colorations and surfaces, with varying grain patterns and tight knot structure.
