**Technical Profile**

**Photosensitivity**

Low; slightly ambers with age and sun exposure.

**Grain**

Diffuse-porous; generally straight with a fine, even texture.

**Janka Hardness**

1450 lbf average.

**Specific Gravity**

0.63 average at 12% MC.

**In-Use Stability**

Average.

**Finish Notes**

Dense and light in color, maple benefits from careful grit progression and can stain unevenly. Takes clear finishes nicely.

American Collection · Luxury Wide Plank Collection

## Maple

**UNFINISHED**

Maple Character highlights the bright, tailored look of American maple while preserving the natural movement that gives a floor real presence. Heartwood can read darker reddish-brown to brown, while the more common sapwood ranges from nearly white to a soft cream tone.

Its diffuse-porous structure and fine, even texture create a cleaner grain pattern than open-pored species, making it a strong fit for interiors that want subtle elegance with visible organic variation.

**Distinctive Attributes**

This character-grade floor welcomes pronounced color variation in heartwood and sapwood, along with sound knots, open character, worm holes, checks, and streaking. Open knots and open character up to 1/2 in. are fillable, and heartwood/sapwood variation is intentionally unrestricted for a naturally expressive look.

**Flooring Specifications**

<b>Sold</b>	In full bundles
<b>Shipping Weight</b>	3.66 lbs per sq. ft.
<b>Edge</b>	Square edge, beveled edge (micro bevel or V-groove)
<b>Installation</b>	Nail/staple down, glue assist, glue down (engineered only)
