Technical Profile

Photosensitivity

Low; slightly ambers with age and exposure to prolonged sunlight and oxygen.

Grain

Closed grain with moderate definition; somewhat rough-textured.

Janka Hardness

1820 lbf average.

Specific Gravity

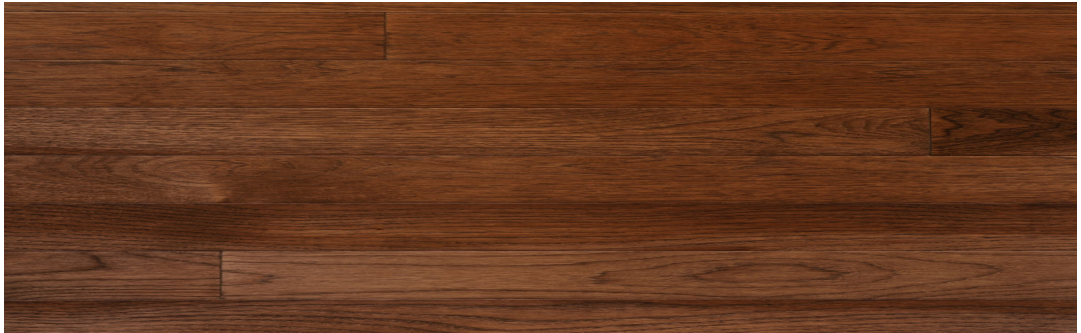

0.72 average at 12% MC.

In-Use Stability

Below average.

Finish Notes

Sands well, often benefiting from higher final grits to minimize visible scratching; accepts stains and finishes very nicely.

American Collection · Luxury Wide Plank Collection

Hickory

PREFINISHED BUCKEYE

Hickory Clear highlights the dramatic contrast that makes hickory so compelling, with tan-to-reddish heartwood set against white-to-cream sapwood marked by fine brown lines. The Buckeye prefinish gives that natural variation a richer, more tailored presentation.

Its ring-porous structure and closed, moderately defined grain create a strong, characterful surface, while the clear grading keeps the look more refined with only limited natural features.

Distinctive Attributes

This clear-grade floor allows natural heartwood and sapwood variation along with a limited range of wood character. Occasional pin knots up to 1/4 in. in diameter, small burls, and streaks may be present, giving the floor subtle individuality without a heavily rustic look.

Flooring Specifications

Prefinish	Buckeye
Sold	In full carton
Shipping Weight	4.16 lbs per sq. ft.
Edge	4-sided micro-beveled edge
Installation	Nail/staple down
Standard Length	Random from 1' - 8'
Standard Widths	3 1/4", 4 1/4", 5 1/4"
Average Length	42" Clear Grade or 36" Character Grade
Thickness	3/4" solid
Avg. Waste Factor	5%
Finish Type	30 sheen solid-based ceramic urethane

Finish Options

Selected prefinished color direction from the source sheet.
