Technical Profile

Photosensitivity

Moderate to high; lightens with age and exposure to sunlight and oxygen.

Grain

Normally straight and open, though it can also be irregular, curly, or wavy.

Janka Hardness

1010 lbf average.

Specific Gravity

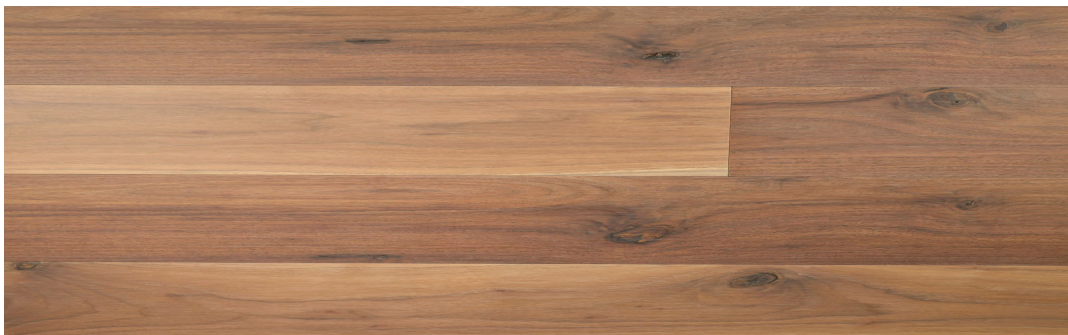

0.55 average at 12% MC.

In-Use Stability

Below average.

Finish Notes

Sands very easily; the softer surface can show sander marks more readily, but it accepts stains and finishes nicely.

American Collection · Luxury Wide Plank Collection

Walnut

PREFINISHED MIST

Walnut brings striking natural contrast, with dark heartwood shifting from grayish-brown to deep chocolate and purplish-black, set against pale sapwood that stays clearly defined.

The Mist prefinish softens that contrast into a quieter, more washed presentation while preserving walnut's open grain, gentle movement, and the character that comes from knots, curls, and natural variation.

Distinctive Attributes

This floor celebrates the contrast between lighter sapwood and darker heartwood, along with sound knots, open character, worm holes, checks, streaks, and pith. Open knots and open character up to 1/2 in. are fillable, while sapwood remains limited.

Flooring Specifications

Prefinish	Mist
Sold	In full carton
Shipping Weight	3.41 lbs per sq. ft.
Edge	4-sided micro-beveled edge
Installation	Nail/staple down, glue assist, glue down (engineered only)
