RIVER STONE PLANK

This product was born because of a relationship and a passion for a product like no other. The beauty of each plank resonates from the wood's grain and character. Every plank is unique in structure and color but brought together with a proprietary process to create the River Stone Plank. This product can be incorporated into all design elements from contemporary to rustic.

CAN BE USED FOR FLOORS, WALLS AND CEILINGS

With River Stone Plank, you can expect Grey Brown tones mixed with an opaque and subtle white overlay. Characteristics may include knots, checking, wormholes, grain variation, and color contrast.
