Technical Profile

Photosensitivity

Low; lightens with age and exposure to sunlight and oxygen.

Grain

Straight, open, medium to coarse, with uneven texture.

Janka Hardness

1290 lbf average.

Specific Gravity

0.63 average at 12% MC.

In-Use Stability

Average.

Finish Notes

Sands well with standard grit progression and accepts stains and finishes very nicely.

American Collection · Luxury Wide Plank Collection

Red Oak

PREFINISHED CAMO

Red Oak brings the familiar warmth of American oak, with heartwood ranging from light biscuit to medium brown and a subtle red-to-pink cast. The Camo prefinish pulls those tones into a softened, earthy direction while preserving the grain's natural movement.

Its ring-porous structure and open, medium-to-coarse grain create a surface with depth and texture, while the clear grading keeps the visual expression more restrained than a character-grade floor.

Distinctive Attributes

This clear-grade floor allows natural heartwood color variation, a limited amount of sapwood, and a restrained range of wood character. Occasional pin knots up to 1/8 in. in diameter, small burls, and streaks may be present, lending subtle individuality without a rustic read.

Flooring Specifications

Prefinish	Camo
Sold	In full carton
Shipping Weight	3.66 lbs per sq. ft.
Edge	4-sided micro-beveled edge
Installation	Nail/staple down
