# Antique Reclaimed HARVEST PLANK

Harvested from century-old barns and wooden industrial structures, this floor transforms a room into a living history lesson filled with character marks earned from years of faithful use.

This smooth reclaimed flooring features a variation of tones, from golden browns to olive tints with its rich mixture of reclaimed hardwoods. The perfect solution for a truly unique floor, wall, or ceiling treatment.

### *Distinctive Attributes*

A blend of characteristics commonly found in reclaimed wood: color contrasts, sound knots, sound cracks, insect marks, and nail holes. Every board carries a unique story from its original life in historic American structures.
