European Antique Resawn Oak

The Mighty Oak, with its immense strength and durability, was the go-to timber for the construction of our nation's founding agricultural and industrial structures. European Antique Resawn Oak Wide Plank Flooring combines the tough characteristics of reclaimed American Oak with the beautiful dark wood tones often found in European design. This flooring is resawn from reclaimed Red and White Oak barn beams, resulting in more uniform planks than a usual reclaimed oak floor.

Distinctive Attributes

Our European Antique Resawn Oak Wide Plank Flooring contains a moderate combination of sound checking & cracks, knots, peg holes, occasional nail holes, and insect holes that can only be found in authentic reclaimed wood.
