## Red Oak

### PREFINISHED TOASTED ACORN

Red Oak brings the familiar warmth of American oak, with heartwood ranging from light biscuit to medium brown and a subtle red-to-pink cast. The Toasted Acorn prefinish enriches that palette with deeper amber-brown warmth while letting the natural variation stay visible.

Its ring-porous structure and open, medium-to-coarse grain create a surface with natural movement and texture, while the broad character grading keeps the floor visually expressive from board to board.

#### Distinctive Attributes

This floor welcomes broad heartwood and sapwood variation along with sound knots, open character, worm holes, checks, and streaking. Open knots and open character up to 1/2 in. are fillable, creating a naturally expressive look.
