EUROPEAN MOUNTAIN OAK

European Mountain Oak is the perfect floor for exclusive design, characterized by its rich brown tones and distinct sapwood. This wide plank floor is fashioned after the refined, darker oak floors found in homes of the upper echelons of European society at the turn of the 17th century.

DISTINCTIVE ATTRIBUTES

Our European Mountain Oak Wide Plank Flooring is live-sawn from fully mature wood to include a full range of the wood's characteristics. This product features tight grain patterns, saw marks, sound knots, natural checking, and naturally occurring over/under wood which creates the dynamic authentic old world appearance of this product.
